EDDY COUNTY OFFICE OF EMERGENCY MANAGEMENT

Joel Arnwine, MPA, MEP
Eddy County Emergency Manager
Eddy County OEM Mission

• Mission Statement
  – The Mission of the Eddy County Office of Emergency Management is to provide a comprehensive and coordinated emergency management program that will enhance public safety and reduce the loss of lives and property.

  – Department Focus
    • Collaborative Emergency Planning
    • Disaster Preparedness
    • Drills, Exercises and Training
Emergency Operations Center (EOC)

- Establishes, operates, and maintains the EOC
- The EOC is a pre-determined area that is used to coordinate, facilitate and disseminate information during a large scale emergency.
- It provides a central location for the coordination of resources.
Emergency Operations Center (EOC)

- It is a place where City and County leaders as well as stakeholders can receive a complete overview of the situation.
- A place where the CEO’s can determine if a declaration of disaster or other important actions are warranted.
• Emergency Management Advisor Board
  – Written Partnership agreement with local agencies to accomplish
  – Supplemental funding from Municipalities for Emergency Management staffing

• Local Emergency Planning Committee
  – Host annual exercises and training.
  – Provide EOC training to personnel who may be called upon in an emergency.
  – Coordinate and schedule requested training.
